MEMORANDUM FOR: Chief, Eastern Europe Division
FROM : Office of General Counsel
SUBJECT : Reimbursement of Staff Employee for
Contractual Services Rendered

1. Reference is made to your memorandum of 7 September 1954 on the above subject.
2. Reimbursement of this employee on a contractual basis for services performed would appear to be in conflict with the dual compensation laws and, therefore, not permissible from a legal standpoint. However, you may be able to authorize the payment of overtime to the employee in accordance with Agency regulations on that subject.
